  Teamwork that aligns with your objectives

- **Tailored solutions**
  Crafted to address your unique challenges

- **Practical guidance**
  Actionable insights to navigate complexities

- **Long-term capability building**
  Develop the skills to drive continued success
Why use Orgvue Expert Services?

A recent study revealed that 60% of business leaders made quick cost-cutting decisions that they later regretted.

Why? Reasons include...

- 24% said they lost talent they later realized they needed
- 24% saw lower employee engagement
- 21% saw negative impacts on efficiency and productivity

Our experts are primed to guide you through these challenges, with a singular aim:

To help you balance immediate cost optimization with long-term goals, while building your internal capability to make fast, informed decisions in the future.

Their deep understanding of technology, combined with a proven methodology, has produced consistently excellent results. We’re focused on your needs and committed to your success.

- Use of the Orgvue team’s expertise to complement your existing team and ensure successful completion of your transformation project.
Customer story

Business goal

- Transform the IT and Finance departments with a cost saving goal of $60m across three regions and 4k employees, in response to decreasing profitability and supply chain challenges
- Standardize their business-wide transformation approach, affecting all 75k employees
- Capture value from different transformation projects and ensure cost savings are on track

The Orgvue solution

- Brought together HR, Finance, and IT to define the enterprise approach
- Harmonized data across markets and functions, and analyzed scope and cost implications
- Trained partners in standard Orgvue processes, including data, scope, process, cost, assumptions, etc.
- Mapped talent to the new structure by creating talent pools, while tracking talent exchanges and exceptions

The Outcomes

$40m  25%  58%
Cost-saving plan designed and approved in 2 months for IT  Fewer layers in the organization  Achieved 58% savings target in half the time

“From now on, no more reinventing the transformation wheel. We finally have the internal team and technology to continuously assess our workforce and act fast when necessary, thanks to the Orgvue team who passed us their knowledge and expertise.”

CEO, healthcare organization

Orgvue, the organizational design and planning software platform, captures the power of data visualization and modeling to build more adaptable, better performing organizations.
